

Italian Witchcraft Charms and Neapolitan Witchcraft (Folklore History Series)

Southern Italy in the early 1900s was rural and a rustic place full of superstition and mysticism. This book is a well researched and has an oral transcript from a witch who choose to meet the author. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
