

## Struck by Lightning: The story of Garry Lynch

Struck by Lightning is the life story of Garry Lynch, told in his own words. Garry Lynch is the father of Anita Cobby, the nurse who was brutally murdered in Sydney, Australia in 1986. Garry's story begins in 1918 and traces his life as a runaway child in the Great Depression to being an airframe fitter in the Second World War; then afterwards as a bohemian artist in Sydney, to a knock-about adventurer in the remote Kimberley region of north Western Australia. Two days after his daughter was murdered, Garry was catapulted into the public arena where he has stayed for the past ten years. As a victim of crime, he was asked to become a member of the Serious Offenders Review Council. Between 1990 and 1995 he was to meet some of Australia's most notorious murderers in the Council's work of recommending appropriate classifications for serious offenders within the Corrective Services. During this time Garry became a founding member of a Homicide Victims Support Group and continues to spend much of his life helping others who have had a loved one murdered. Struck By Lightning is a deeply moving story of personal change and spiritual growth, which shows how good can come from evil.
