

Pero Tafur: Travels and Adventures 1435-1439 (Gorgias Historical Travels in the Cradle of Civilization)

The remarkable narrative of the Medieval traveler Pero Tafur comes from a single manuscript written before the printing press was invented. Letts presents the journeys of Tafur through Europe and the Holy Land during the years 1435-1439 when the voyager was in his mid-twenties. A wealth of information about pre-modern Europe and Palestine await the reader of this account.
