

Life Among the Hindus (Classic Reprint)

Excerpt from Life Among the Hindus
The substance of the following pages has been delivered in the form of lectures a number of times since our return from India. It has been thought, if put in book form, it might reach hundreds of people more than would ever have opportunity of hearing the lectures, and so impart that information which would lead to a far deeper interest in the great cause of the worlds evangelization. In the composition, with reference to both the style and the arrangement, an effort has been made to make it a volume of practical information, especially for those who may not have the opportunity of reading more extensively concerning the things mentioned in these sketches.
