

The Divine Plan: A Novel of Obsession

The Divine Plan: A Novel of Obsession is a dark, suspenseful story about the ramifications of possessing too much knowledge about ones twin soul. A man who has searched his whole life for his twin soul finds his other half in an unfulfilling yet comfortable marriage. As her tenuous marriage erodes, he struggles to push her onto a path that reunites their destiny and let go of everything she strives to keep. Yet too much pressure can have brutal consequences upon one caught in the middle, and The Divine Plan reveals that free will and the joy of life are among the first ready casualties when plagued with too much foreknowledge about ones supposed destiny. Highly recommended.
