

## Class Picnic

Four boys are the new kids in high school. Making friends with each other they find their fate to be the same as any new comer. After being harassed and bullied one member of the group thinks hes found the way out. In the house his mother rented, in the attic he finds a box of items used in black masses including a book. Using the book, he and his friends wreak mischief and havoc. They even get to stave off one of the bullies who torments them. All goes fine until one of the spells goes wrong, leading to a death. Afterwards each of the boys is strangely and unexpectedly killed leaving each remaining member of their club terrified and desperatelt needing to find a path out of harms way.
